In consideration of the publication of the above-titled manuscript in the journal named above, the undersigned author(s) hereby agree(s) to the terms and conditions of open access publishing as follows:

1. **Open Access Option:** The authors choose to publish their manuscript under an open access license, granting unrestricted access to the published work to readers worldwide.
2. **Article Processing Charges (APCs):** The authors acknowledge that open access publishing may be subject to article processing charges (APCs) to cover the costs associated with publication, including editorial processing, peer review, production, and dissemination of the manuscript.
3. **Payment Responsibility:** The authors agree to pay the specified APCs upon acceptance of the manuscript for publication. Payment may be made by the authors, their institution, funding agency, or other sponsoring organization.
4. **License Agreement:** The authors grant the publisher a non-exclusive license to publish, reproduce, distribute, display, and license the manuscript under a Creative Commons license or other open access license chosen by the journal. The terms of the license agreement will be specified in the published manuscript.
5. **Author Rights:** The authors retain certain rights to reuse, reproduce, distribute, display, and create derivative works from the published manuscript for non-commercial purposes, provided proper citation and attribution are given to the original work.
6. **Copyright Ownership:** The authors acknowledge that the publisher may hold copyright ownership of the published manuscript, subject to the terms of the open access license chosen.
7. **Accessibility:** The authors support the principles of open access publishing and believe that unrestricted access to research findings promotes knowledge dissemination, scholarly communication, and public engagement.

By signing below, the undersigned author(s) agree(s) to the terms and conditions of open access publishing as outlined above.
