

Conflict of Interest Disclosure Form

Title of Manuscript: [Enter the title of the manuscript]

Author(s): [List the names of all authors]

Please disclose any potential conflicts of interest related to the research, affiliations, funding sources, or personal relationships that may influence the interpretation or perception of the work presented in the manuscript. A conflict of interest may exist when an author or their institution has financial, personal, or professional relationships that could bias their research or affect their objectivity.

1. Financial Conflicts of Interest:

- [Specify any financial interests, including employment, consultancy, honoraria, stock ownership, patents, or funding received from organizations or companies relevant to the research]

2. Personal Conflicts of Interest:

- [Disclose any personal relationships, such as familial, romantic, or other personal connections, that could influence the research or its interpretation]

3. Professional Conflicts of Interest:

- [Declare any professional relationships or affiliations that may pose a conflict of interest, such as membership in advisory boards, expert panels, or professional organizations relevant to the research]

4. Other Conflicts of Interest:

- [Provide details of any other potential conflicts of interest that may be relevant to the manuscript]

Declaration:

I/we declare that the information provided above accurately reflects any potential conflicts of interest related to the research presented in the manuscript titled "[Manuscript Title]". I/we understand that failure to disclose conflicts of interest may undermine the credibility and integrity of the research and may result in corrective action, including retraction of the manuscript.
